PERSONAL PROJECTS

Communicate-Data-Findings

Sep, 2022 - Oct, 2022

- In Part I, Exploratory data visualization, I used Python visualization libraries to systematically explore the dataset, starting from plots of single variables and building up to plots of multiple variables.
- In Part II, Explanatory data visualization, I produced a short presentation that illustrates interesting properties, trends, and relationships that I discovered in the dataset. The primary method of conveying the findings was through the transforming of the exploratory visualizations from the first part into polished, explanatory visualizations.

Wrangle-and-Analyze-Data

Aug, 2022 - Sep, 2022

- The dataset that I wrangle (and analyzing and visualizing) is the tweet archive of Twitter user at dogrates, also known as WeRateDogs. WeRateDogs is a Twitter account that rates people's dogs with a humorous comment about the dog.
- I Used Python and its libraries, I gathered data from a variety of sources and in a variety of formats, assess its quality and tidiness, and clean it.

TMDb-movie-Data-Analysis

Jul, 2022 - Aug, 2022

- I investigated problems in the dataset and wrangle the data into a format I can use
- I used Matplotlib to produce plots showing your findings
